Must not be disposed together with household garbage. Do not allow product to reach sewage system. Reutilise if possible or contact a waste processors for recycling or safe disposal.
  - **Waste disposal key:**  
The European Union does not establish uniform rules for the disposal of chemical waste, which are special waste. Their treatment and elimination of the domestic legislation of each country. So, in each case, you should contact the relevant authorities, or those companies legally authorized for elimination of waste. 2001/573/EC: Council Decision of 23 July 2001 amending the list of wastes contained in Decision 2000/532/ EC.  
Council Directive 91/156/EEC of 18 March 1991 amending Directive 75/442/EEC on waste.
  - **Uncleaned packaging:**  
The containers and packing materials contaminated with dangerous substances or preparations, have the same treatment products.  
Directive 94/62/EC of the European Parliament and the Council of 20 December 1994 on packaging and packaging waste.
  - **Recommendation:**  
Disposal must be made according to official regulations.  
Packagings that may not be cleansed are to be disposed of in the same manner as the product.  
Wash with solvents to be incinerated.
